Summary: *THIS IS AN AUGMENTED NOTICE OF AN EX PARTE COMMUNICATION THAT WAS FILED ON FEBRUARY 6, 2004, AND APPEARED IN THE CALENDAR OF FEBRUARY 19, 2004.* On February 3, 2004, Norman A. Pedersen, counsel for the Southern California Generation Coalition (SCGC), met with Roosevelt Grant, advisor to Pres. Peevey, in San Francisco. Also present were Marcel Hawiger for The Utility Reform Network and Matthew Brady for the Department of General Services. Pedersen informed the Commission about SCGC's objections to the Comprehensive Settlement Agreement (CSA). Pedersen said that the CSA was an industry initiative, which, in the four years since the CSA was filed has lost industry support, and that circumstances had changed since the CSA was filed. Pedersen referred to R04-01-025 (OIR) and stated that the OIR could moot many of the assumptions that underlie the CSA. Pedersen also observed that in the OIR the Commission would be examining whether utilities should be put at risk, which would challenge a CSA assumption that Southern California Gas Company should be put 100 percent at risk for backbone revenues.

Summary: On February 24, 2004, Tim McCallion, President-Pacific Region, Verizon California Inc. (Verizon), met with Lester Wong, advisor to Cmmr. Peevey, in San Francisco. Also present was Michelle A. Robinson, Vice President-Regulatory, Verizon. McCallion pointed out that the alternate decision was superior to the draft decision and provides a reasonable approach to Verizon's shared asset methodology because it approves the methodology under Section 851 and relieves Verizon of the need to prepare individual space and office equipment leases with the three affiliates or to file those leases for Commission approval in subsequent formal applications. McCallion pointed out that, in contrast, the draft decision of ALJ Walker dated January 8, 2004 perpetuates burdensome and inefficient review of such transactions under Section 851 of the Code.
